

view/windows/mainmenu.hpp

```
graph TD; A[view/windows/mainmenu.hpp] --> B[QWidget]; A --> C[QLabel]; A --> D[QFrame];
```

The diagram illustrates a class hierarchy where the file `view/windows/mainmenu.hpp` inherits from three Qt widget classes: `QWidget`, `QLabel`, and `QFrame`. The parent class is shown in a grey box at the top, and the child classes are in white boxes below it. Blue arrows point from the parent box to each of the three child boxes.

QWidget
